	(Record of item checked above)		
TO: Paul Meiburger MDNR 314/751-3241	FROM: Karen Flournoy returning his call	DATE 4-30-82 TIME	
SUBJECT Litton ACD Closure Plan			
SUMMARY OF COMMUNICATION <p>Paul wanted to know status of our closure plan review. I told him that we reviewed the revised plan & I called Jim Dow on 4-26 with 2 comments: 1. it should be clarified that the sludge will be treated as a haz. waste 2. we will need soil samples. I told Paul that Dow said MDNR had never ask them to take soil samples in the past & he didn't think they would require such now. Paul said he didn't know of any time when soil samples would have been needed in the past. I told him that Dow said they were running EP toxicity tests on the sludge & should have the results soon. I do not plan to send out a letter until we know what's going on with the sludge. I told Paul that Dow keeps asking me about letting the sludge dry out & I keep telling him to contact MDNR -</p>			
CONCLUSIONS, ACTION TAKEN OR REQUIRED Paul will call Doyle about ENFC issues. MDNR is having an in-house mtg. Mon. on Litton.
